OUR PERSONAL COLUMN

People as They Come and Go From Day to Day.

Mrs. J. W. Stevenson returned Sunday from the Applegate district after an absence of three weeks. Walter Evans, the dumb shoblock, who is doing the country and did business in Grants Pass for a few weeks, is now located in Astoria.

Fred Endert, a young business man of Crescent City was in Grants Pass Thursday, coming in on the stage and that evening he left for San Francisco on a business trip. Louis Pfiel, an old soldier who has resided on Galls creek for the past 28 years, becoming so feeble that he could not well care for himself, has gone to the Oregon Soldier's Home at Roseburg.

A. L. Smith, who is mining on Mt. Baldy in company with I. J. Hunter, while walking on a log one day last week slipped off and falling on the log, struck a knot cracking two of his ribs. He was not otherwise hurt and he expects to be able to resume his work next week.

Edward Williams who is a machine man at the Granite Hill mine, was off on a few days vacation this week and spent his time in this city with his parents, Mr. and Mrs. B. A. Williams. Mr. Williams was accompanied by his wife and child and he and they returned to Granite Hill Friday.

Miss Anna Schmidt has taken a position as bookkeeper and clerk in the grocery store of her father, Claus Schmidt. Miss Schmidt has been until recently in the Grants Pass High School and is a bright, industrious young lady who will prove adept in her new position and a competent assistant to her father.

Henry Gibson, the veteran miner had a visit for the past week from his sister, Miss Cynthia Gibson, whom he had not seen for the past 43 years. Miss Gibson is accompanied by her niece, Miss Jennie Bodwell and they are on their way to California, where they will spend the winter, after which they will return to their home at Ryegate, Vermont.

A. H. Gannell, of Foster & Gannell, a well known mining engineer, who has been East for some months on business connected with the various mining properties in which his firm is interested, left Amsterdam, New York, January 9th with Mrs. Gannell and they are to arrive in Grants Pass about February 1. They are making a leisurely trip across the continent and will make lengthy stops at Colorado Springs, Ogden and Baker City on business that Mr. Gannell has in those cities and to visit relatives of his and Mrs. Gannell's.

G. P. Jester returned Saturday from his month's vacation and is again at his desk in the depot as Southern Pacific agent for Grants Pass. While away Mr. Jester spent the greater part of this time in Portland and in Seattle with relatives he has in each of those cities. Mr. Jester greatly enjoyed and was benefited by his rest as he has been very closely confined at his work for the past year. He states that the business outlook in the northern cities is very good and railroad officials anticipate a heavy traffic this year both local and transcontinental in passenger and freight business.

J. L. Hammerly, postmaster at Gold Hill, cashier of the Gold Hill Bank, city attorney for Gold Hill, attorney at law, real estate dealer and one of the leading politicians of Jackson county, was in Grants Pass Saturday evening on legal business. Mr. Hammerly stated that Gold Hill was prospering as never before, not a vacant house in the town, business of all kinds steadily increasing with the outlook that the town will have the biggest building boom in 1905 of any year since it was founded. The Bank of Gold Hill, which was organized only last summer, Mr. Hammerly stated is well patronized by the citizens of Gold Hill and vicinity and is securing a fine line of business and has become one of the solid banking institutions of Jackson county.

Among the recent arrivals in Grants Pass is S. F. Robinson and his family, who came from Eagle Point, where Mr. Robinson conducted a blacksmith shop, but had to give up the work owing to a severe injury, which affected his heart, which he sustained last fall when an inflated cow nearly crushed him as he was returning from his home and will reside hereafter in this city. He yet has considerable property interests in Eagle Point, which he intends to retain as he is sure a railroad will be built up Rogue river in the near future, and thus give Eagle Point a big boom. Mr. Robinson's son, Walter B. Robinson has also become a resident of Josephine county and has opened a blacksmith and wagonshop at Merlin, where he is securing a profitable business.

Charlton Perkins has decided to return to China after having spent five months with the home folks here in Grants Pass. He will again take up the timber business, which he was engaged in before his return home. He will buy logs of the Chinese, who cut them in the hills about the headwaters of the St. King river, and raft them down that river to Canton, where he sells them to sawmills. It is 300 to 1000 miles up the St. King river to the forest region, the timber of which is largely pine with some oak and other hard woods, and all of small growth as compared to that of the Pacific Coast. Mr. Perkins will be accompanied by his wife and they expect to leave Grants Pass the last of next week for San Francisco, where they will take the steamer Corvus, which sails on February 14. They stop for a month in Shanghai and will then proceed to Canton, where Mr. Perkins will make his headquarters.

Encouraging Outlook for Lumber Market. Frank Moo, from Hills, California is spending the week in Grants Pass, having come up last Saturday to attend the funeral of Mrs. E. E. Dunbar, a niece of Mrs. Moo's.

Mr. Moo is superintendent of the Hills Sugar Pine Lumber Company, a Grants Pass corporation of which H. C. Kinney is manager and V. A. Peterson, another Grants Pass man, is bookkeeper, and which operates a lumber plant at Hills in Siskiyou county and employs 100 hands each season. Mr. Moo stated that they are only operating their planing mill now, their mill not being run during the winter season, owing to the difficulty in carrying on logging in wet weather. They will start the mill as soon as logging opens and the roads are so that logging trucks can be used. Donkey engines are used for yarding out, but the logs are hauled to the mill on trucks.

As to the outlook for the lumber market for this year, Mr. Moo stated that as yet it was uncertain just how active the demand for lumber would be. He was of the opinion that the outlook was encouraging and mill men generally expected the year 1905 to be more profitable to them than was the year 1904, which was a fairly good year.

THE LOCAL HAPPENINGS

Brief Notes and Items of Interest and Importance.

Boyd is giving a handsome present with each dozen cabinet photos for a short time. I will take carpenter work for full or part payment for valuable lot. Have new 4-room house to sell; terms to suit. J. D. Drake, A and Seventh, Phone 484. C. J. Roberts has an exhibition at Roy Bartlett's shoe store, a fine new piano with 120 records which he will sell for \$1.00 a chance. See him for particulars and hear the instrument play and be convinced that it is a bargain.

L. R. Parker, an employee of the S. P. was the victim of quite a serious accident on Tuesday. He was helping to unload some heavy timbers from cars near the depot and one of them in falling, caught his leg and broke it just above the ankle. The Woman's club have secured Mrs. Ellen Miller of Portland to take charge of a class in cooking, which will commence February 6. Mrs. Miller is recognized as one of the best instructors in the Pacific Northwest and the local club is fortunate in securing her.

Rev. F. C. Williamson will arrive this Thursday from Moscow, Idaho to assume the rectorship of St. Paul's Episcopal church and he will hold his first services this Sabbath at 11 a. m. and 7:30 p. m. He will be accompanied by his wife and child and they will occupy the Episcopal rectory. A young lady has been engaged to try the piano at the store of Allen Gilbert Bamaker Co. every Saturday from 2 to 5 p. m. The musician is a very creditable performer and well able to display the tone of the beautiful instruments this popular firm always have on hand. Everyone welcome.

Louis Streuber was acquitted Saturday in a jury trial before Judge Furman on a charge of fishing without a license and this Wednesday he is up again before the same court on a charge of fishing within 600 feet of a dam. H. D. Norton is Streuber's attorney and Edward Van Dyle represents the state. The complaining witness is W. R. Williams state water bailiff for Rogue river.

Temperance and Anti-Saloon union meeting at the Grants Pass churches next Sunday, January 29, as follows: At the Newman M. E. church at 11 a. m. Dr. E. S. McAllister will make the address. A general mass meeting at 8 p. m. at M. E. church south at 7:30 at the Baptist church Dr. E. S. McAllister will deliver an address. At the Christian church the same hour Dr. G. L. Taft will deliver the address.

After more than a months delay Grants Pass is soon to have its business streets lighted by arc lights to replace the present incandescent lights which will be removed to unlighted residence streets. The order for the lamps and fixtures was placed early in December by the G. P. N. W. L. & P. Co., with the manufacturers, but so rushed with work were the latter that they have been unable to fill the order promptly. The fixtures have arrived and the lamps are expected this week and as soon as they are here the Company's electrician, Carl Gentner, will begin the work of installing them. With arc lights the business streets of Grants Pass will be more in keeping with the fine stores and other metropolitan features of the city.

The muddy condition of Sixth street and the sidewalks along that street in the business sections not being free to bicyclists the wheel riders residing in the east part of the city have had a trying time this winter to reach the lower business sections, for it was either ride in mud on the street or lead their wheel and walk on the sidewalk. To relieve this mud blockade on the bicycle, Street Commissioner Gillilan has had the sidewalk on the west side of Fifth street from the northern part of the city down to E street put in good shape for wheelmen and pedestrians. Such sections of the sidewalk as were not improved were covered with granite sand as were all the street crossings and the entire walk was leveled and put in good shape and now bicyclists can ride from the north part of town to the National Bank corner on Sixth street on a smooth, clean sidewalk, with only one bad place to trouble them. This is at the intersection of the Fifth street sidewalk with that on F street. The sidewalks do not make a good connection and a bicyclist has to be careful in making the turn not to land in the gutter.

Men We Want to Talk To

We believe that if every man in Grants Pass was a clothing expert—if every man in Grants Pass knew the positive facts in the case—that every man in Grants Pass would come straight to us for all his clothing. This argument is directed

To the Man Who's Not an EXPERT-ON-DRESS

The Experts-on-Dress come to us for clothing as naturally as they go to the Post Office for stamps. That's a certainty beyond dispute.

SCHLOSS BROS & CO The Clothes Makers

The "Best-Clothing-in-the-World," is what our patrons wear—made by the celebrated manufacturers, Schloss Bros. & Co., of Baltimore, whose garments all bear their label.

Grants Pass, Oregon

BORN.

MEER—Near Davidson, Ore., Monday, January 16, 1905, to Mr. and Mrs. Geo. Meek, a daughter.

DIED.

DUNBAR—At the home of her parents, Judge and Mrs. J. O. Booth, in Grants Pass, on Friday, January 20, 1905, Mrs. Nettie Blanche Booth Dunbar.

The funeral services were held Sunday in Newman M. E. church and were conducted by Dr. D. T. Summerville, assisted by Rev. Edward Gittens of Salem. The church was crowded to its full seating capacity with sorrowing friends of the deceased. The tributes paid to the memory of the departed by Revs. Summerville and Gittens, each of whom had been her pastor, were touching, sympathetic and comforting. The floral tributes were many and strikingly emblematic. And among the many beautiful pieces was a wreath from the members of Newman M. E. church and a wreath from the Roseburg lodge of Elks. This latter wreath was festooned with the Elks colors in broad ribbons on which were in silver letters the initials of the order. Among those present from abroad and who were relatives of the deceased, were Senator and Mrs. R. A. Booth of Eugene, Hon. J. H. Booth and Miss Booth and E. E. LaBrie of Roseburg, Mrs. Edward Singleton of Wilbur, Mrs. J. M. Hockett of Yoncalla, Mrs. James Ricker of Portland, H. A. Dunbar of Eugene, Frank Moo of Hills and Mrs. E. W. Koykendall of Wolf Creek. The interment was in the Masonic cemetery where all that was mortal of a noble woman, was by her dying request laid at rest by the side of the grave of her grandmother, a most tender attachment having existed between the two during their lifetime. Mrs. Dunbar was born at Garden Valley in Douglas county, October 14, 1825. Her early education was at home, her parents having a private tutor for her. She graduated at Drain Normal School and taught school for a time, teaching one year in Grants Pass. In 1866, Miss Booth was married to Elmer Dunbar, one Grants Pass brightest young business men, who was to her a most devoted husband, tenderly caring for and comforting her in all
